At this point we again knew that we had a chance at All American status since we were leading the world. However, for the VFW year 07-08 the rules for All American status had been changed. Instead of a race to Top 4, the National Commander was going to award All American status to any Post in our Division that achieved a membership growth of 20% or greater. This way each Post in the world would know where they stood and where the 'finish-line' was.
- By the end of the third quarter, we were at 231 (129%) and in fourth place worldwide.

July 2014- March 2023

UPDATE SUBMITTED MARCH 01, 2023:

In April 2018, the Hog's Breath was closed. It was the longest running Post Home which was the most popular from 2000 to 2018. Fred J Estes Post 9876 relocated to a local restaurant that had a separate building used to conduct Post functions and the use of a large dining hall for our General Membership Meetings, District Meetings, and celebratory events. Many members felt a need for a change, and it was voted that in November 2019, the Post would relocate to Lewinski's Guest House and Restaurant on Soi 13/3 directly off Beach Road. After 3 years, the desire to move again was voted for by the Post after another building was found with a large area for a Conference Room, individual office spaces for the Post Commander, Quartermaster, Service Officers, and Meeting area for the Auxiliary. An enormous amount of work was required, and the task was taken on by Post members and the Auxiliary. Funding for the move was paid for entirely by donations from Post members, both here and those living abroad in the US and other countries.

On February 14, 2023, a Grand Opening Ceremony was held at our new Post Home in Pattaya Thailand. Post Commander, with the leadership of JVC Harry Codman, Chairman of the Relocation and Construction Committee and various Post Members and members of the Auxiliary (Veterans' Wives Club), put together an extraordinary effort to bring bare walls to life in the form of a Post Home that we can and will be proud of for years to come. The Ceremony kicked off with the Invocation by Post Chaplain Mike Warner, followed by a speech and Ribbon Cutting by Post Commander Manny Guarnuccio. Afterwards, a buffet style luncheon was opened up to everyone along with chocolate fountains in the Spirit of Valentine's Day. The Luncheon was arranged by the Auxiliary and catering was provided by Nara Thai Cuisine. After dining and socializing, the first General Membership Meeting was called to order. Distinguished guests attending the meeting were Comrades Ken Stein (National Council), District 5 Post Commander Randy Riggs, Post Commander Howard Holzworth (Banchang Post 12146), Lou Holub (Banchang Post 12146 and DPA Chaplain), and Post Commander Bill Ahlberg (American Legion Post TH02). The new Post Home is located on the 2nd floor of The Plaza at 212 Second Road, Pattaya, between Soi 4 and Soi 5.

February 25, 2023 – Fred J Estes Post 9876 officially designated as both ALL STATE and ALL AMERICAN for 2022 – 2023.

March 7, 2023 – 42nd Anniversary of Post 9876.

VFW Post 9876
District V
Department of Pacific Areas
Veterans of Foreign Wars of the United States

Previous Posts Assigned Number 9876

In 1952, VFW Post 9876 was chartered at the US Army Hospital at Osaka, Japan. With the deactivation of the hospital, the post became defunct. In 1959, the number was assigned to the new post Claire L. Chennault VFW Post 9876, located at Yokota Air Base, Japan. With the closure of Johnson Air Base, Japan Post 9555 and 9876 were consolidated using the lower number.

As a note of interest: the past department commander, and Past Grand Commander Paul E Newman mustered in at both of the above posts. The first was while he was Post Commander of Post 9467 at Yokohama, Japan. The second was while he was the VFW National Deputy Chief of Staff.

Some information extracted from some old photos:

On one photo, at the Department of Convention, 1959 — 1960, then Post Commander James F. Kelly made a donation to VFW National Commander Louis G. Feldman for the purpose of purchasing and distribution of medical libraries, in remote areas of lesser developed countries.

Note: This was the Far East Department, The Department of Pacific Areas was not established until 1971.

A couple of photos show a sign at an unidentified building with the wording, “Welcome to the Kaisein Claire L Chennault Post 9876.” One of the photos has Japanese dancers performing on a small stage in front of the sign. The Japanese dancers and outdoor picnic scenes were at a Japanese Old Folks Home by Yokota Air Base.

In several photos, Cooties are at a picnic and ceremony (there is no record of a Pup Tent being associated with Claire L Chennault Post 9876).

There are several photos of a formal banquet with a big sign in the foreground, Claire L Chinoe post 9876.

In one photo, 3 VFW members are applying reflector tape to a bicycle supporting the VFW Light a Bike campaign. According to PDC Paul Newman, “They had a terrific program going one year.”

The number 9876 was reassigned once again. This time to the new post at Pattaya Beach, Thailand.

Posts Previously Serving the Pattaya, Thailand area:

Post 10275, Pattaya

This post was established and opened in September of 1972 and has thus far undertaken 2 worthy projects. The first of these was a Christmas dinner and party for 150 Thai orphans. The other project was inspired by the orphans coupled with the traditional American love for children. The Post members have endeavored to start an orphanage in the Pattaya area. The use of approximately seven acres of land for this purpose has been donated by the Catholic Bishop of Chanthaburi and land clearing work started in late January of 1973. American volunteers are presently working on the construction and development of facilities to house and provide for the welfare of about 250 children. It is anticipated that this project will progress and provide assistance for other needy and deserving persons.

Post 2054, Samaesan

This post previously had its post home and canteen located on Royal Thai Navy property. Last summer, the Navy required the return of this property for security reasons, but it is expected that a new post home will be opened in a short time. This post should be very large by the end of this year and able to support a strong community aid program. The assistance of the American wives living in the area has been of invaluable assistance in the past and will ensure the success of future projects undertaken by The Samaesan Post. They have donated 1000 lbs. of rice, other food items, several dozen sheets, and surgical soap for the Naklua Public Health Hospital. Once this was done, it was discovered that the operating room was not air conditioned. An air conditioner unit was procured and installed. This is vastly reduced operating time and also greatly improved chances for patient recovery without undue complications. Textbooks have been provided to the Royal Thai Naval Training Command for use as training aids.
